Employment

- **Computational Biologist**
  Position Start: September 28, 2017
  Application Deadline: September 21, 2017

  **Employment Group:** Management & Professional (AAPS)
  **Job Category:** Research & Facilitation
  **Classification Title:** Research & Facilitation, Level A
  **Business Title:** Computational Biologist
  **VP/Faculty:** Faculty of Science
  **Department:** Microbiology
  **Salary Range:** $51,126.00 (minimum) - $61,375.00 (midpoint) - $73,648.00 (maximum)
  **Full/Part Time:** Full-Time
  **Desired Start Date:** 2017/09/28...

- **Postdoctoral fellow position to work on Engineering Development**
  Position Start: March 31, 2018
  Application Deadline: March 10, 2018

  **Research Program Overview**

  Two postdoctoral fellow positions are available in the Zandstra Stem Cell Bioengineering laboratory (http://stemcellbioengineering.ca/), which is in the School of Biomedical Engineering, and is affiliated with the Michael Smith Laboratories, at the University of British Columbia’s Vancouver campus. The successful candidates will be expected to investigate the use of pluripotent stem cells in modeling early development and tissue specification. This well-funded multidisciplinary program integrates...
