

# MSL 101 AV Guide

Revision: Nov 23, 2012

MSL Reception: (604) 822-4838

MSL IT Help: (604) 822-8895

## AV Button Panel

Please locate the AV button panel located at the front of the room.

1 POWER ON / OFF

Turn on / off the projector - it will take up to two minutes for the projector to warm up (blinking light)

2 INPUTS

LAPTOP - Most presenters will use LAPTOP, please use the long black VGA cable provided  
HDMI/VIDEO - If you are using HDMI or VIDEO you will need to contact MSL IT

3 MICROPHONES

MSL 101 is equipped to support two wireless microphones (1 lapel & 1 handheld)  
You will need to sign these out from reception located at MSL 301

AUDIO VOLUME

This controls the audio volume coming from your laptop and wireless microphones

BLANK

Allows you to blank the screen at any time during your presentation

MUTE

Allows you to mute all audio

**Important! Always shutdown the AV System when you are done to help save projector bulb hours.**
